TOPICS IN LANGUAGE PEDAGOGY

1. The history of language teaching methodology: an overview of teaching methods, with a focus on the most and least effective.
2. Models of communicative competence, general approaches in communicative language teaching and why it is considered the most effective approach to instruction.
3. Effective language teaching and learning in the 21st century.
4. Textbook adaptation, teaching aids and supplementary materials, including technology in the classroom.
5. Classroom procedures, classroom management, group dynamics and creating an interactive classroom.
6. First and second language acquisition, bilingualism, multilingualism and cross linguistic influence in the language classroom.
7. Course design and lesson planning, including the CEFR differentiation and inclusive learning.
8. Presenting language elements and structures, including task types, approaches and procedures.
9. Teaching and learning receptive skills: listening and reading
10. Teaching and learning productive skills: speaking and writing
11. Theories and practical issues in language testing and assessment, criteria of fair tests, validity, reliability, criteria-orientation and the CEFR
